May Outing – Rutland Water & Eyebrook Reservoir

Saturday 16th May 2026

Meeting at Rutland Water Egleton Reserve car park at 0930. The main aim of this outing is to provide help identifying the more common species of birds and a chance to meet the regulars of the LROS outings. The reserve occupies a narrow strip of land running for 9 miles around the western end of Rutland Water and covering a total of 600 acres. It provides an extensive variety of important habitat for birds. Later if time permits we will visit Eyebrook Reservoir.

Directions:

The Egleton Reserve is well signposted from all approach roads via Oakham, Stamford and Uppingham, with the main access to the village being from the A606 or the A6003.

To book a place please contact Andrew Cliff no later than Monday 11th May 2026.
Phone: 07847 796678. E-Mail – walkingbirdman@aol.co.uk

**Next Outing – Blacktoft Sands
Saturday 20th June 2026**
